

Believing In Achieving

Session 6

Everyone wants an iPad....Making the Choice

Cindy M Szulewski-Booth, Assistive Technology Specialist

cindymsb2@gmail.com

Everyone wants an iPad, parents, teachers, students, administrators. This presentation will give participants the pros and cons of iPad use as it centers on UDL. The participants will leave with research and tools to help Teams determine if the iPad is the tool for that. This will include apps based on Bloom's Revised Taxonomy.

The presentation can be found at

<http://everyonewantsanipad.wikispaces.com/home>

Creating a Wiki allows me to have the most up to date information for you. Any new research or ideas can be added up until the session begins and the wiki can be updated. With the added bonus of you joining, the Wiki will become a community for iPad discussion and ideas! Feel free to request to join so you can add content AFTER the presentation!
