Inclusion continues to grow in our schools. The Least Restrictive Environment is always our goal. However how do we include students with physical and/or cognitive handicaps? This presentation will look at ways to not only adapt materials, but will include ideas for formative assessment and students working collaboratively in the classroom.

Creating a Wiki allows me to have the most up to date information for you. Any new research or ideas can be added up until the session begins and the wiki can be updated. With the added bonus of you joining the Wiki will become a community for discussion and ideas! Feel free to request to join so you can add content AFTER the presentation!
