

The purpose of the NC DPI EC Division VI Listserv is to provide information to professionals serving students with vision impairments. The listserv uses the following general guidelines when determining what to share with listserv members.

1. Professional development opportunities conducted or sponsored by DPI that promote best practices in the field of vision impairment, orientation and mobility, and assistive technology.
2. Questions and/or comments that stimulate positive, thought-provoking discussions on topics related to vision impairment and orientation and mobility.
3. Sharing of ideas and activities that promote student learning.
4. Updates and information related to NC DPI and/or the Exceptional Children Division.
5. Notices of VI related job vacancies within NC public schools, including Charter Schools.
6. Additional items that the listserv manager deems appropriate, such as legislative and/or policy issues surrounding vision impairment or national professional development opportunities sponsored by professional organizations or institutes of higher education.

All requests to post to the listserv will be considered and may or may not be posted. Items approved for posting will be at the discretion of the VI listserv manager and the Section Chief for Sensory Support and Assistive Technology. The submitter of any requests not posted will be notified through email.

When replying to a post, please reply to the original sender unless the response is directly to the post and a benefit to the listserv membership.

If you need to post a message to the listserv, send the post to ncvi@lists.dpi.state.nc.us
