A product of the **Family Support Program** at the University of North Carolina at Chapel Hill, School of Social Work.

A FREE RESOURCE GUIDE FOR FAMILIES WITH CHILDREN WHO HAVE SPECIAL NEEDS

Welcome to the 2020 Summer Camp Directory!

Summer camp provides a unique opportunity for growth and development, and provides a period of summertime respite for parents and caregivers. The camp experience may be especially valuable for children who have special needs, as they can be isolated from some of the social experiences that other children take for granted.

The camps in this directory are organized alphabetically by county for camps in North Carolina, and alphabetically by state for camps outside the state. Each entry includes contact information for the camp, type of disability it serves, a description of camp activities, cost, and dates for 2020. We have also included a list of camps organized by specialty/condition.
