

NCVPS Math 1 Intervention Co-Teaching Course Information Webinars

Do you have students who are low performing or underachieving in Math 1? We've been working on a solution to help districts in need. NCVPS has partnered with NCDPI to create a new NC Math 1 Intervention course. This course is designed for students who lack prior success in a traditional math setting, are learning English as a second language, or have an IEP or 504.

Please join us in one of our NC Math 1 Information Session webinars. Participants will be given a detailed overview of why, how, and the benefits of enrolling in the program, which is part of a multi-tiered system of support (MTSS). Preliminary data from the pilot will be shared along with implementation for the upcoming school year.

Here are webinar dates:

[Wednesday February 15, 2017 from 2:00 PM to 3:00 PM EST](#)

[Wednesday February 15, 2017 from 7:00 PM to 8:00 PM EST](#)

[Friday February 24, 2017 from 10:00 AM to 11:00 AM EST](#)
