SCHEDULE FOR APRIL 2019 PERIODIC CHILD COUNT

NC 1505-3.4 (Policies Governing Services for Children with Disabilities) requires each local education agency (LEA) to certify Exceptional Children child counts to the North Carolina Department of Public Instruction. These child counts are taken on December 1 and April 1 of each year. The December 1 child count is used to generate federal funds and the April 1 child count is used for state funding purposes.

The submission schedule is as follows:

LEA	Submission Date
Initial Submission from all LEAs and all Charter Schools	4/1/2019 through 4/12/2019
Deadline for Certification Status	4/19/2019

EC Directors must review the child count, prior to submission, for errors such as duplicate records, incorrect age, grade, setting and disability. This information is available to daily users on the Periodic Count Export Student List in CECAS.

LEAs submitting the child count to CECAS as third-party users need to ensure that the .xml file contains all required items. Incomplete .xml files will be rejected. For assistance with building an accurate complete .xml file, review the Third-Party Integration Supplement v1.8. This document is located on the CECAS Communications website. The URL is: <http://www.nccecas.org/reportinguser/reportinguser.html>.

According to the State Auditors, Directors of Exceptional Children Programs and Lead Administrators of Charter schools must certify the child count data. To certify, Directors of Exceptional Children Programs must use their “username” and “password” to log into CECAS to submit, verify and certify data. All errors must be corrected, and submissions must be certified no later than April 19, 2019.

Thank you for your attention to this vital transfer of information. If you require training assistance to submit the child count, please contact your Regional CECAS Trainer. If you have questions regarding child count procedures or technical issues while submitting the child count, please contact the CECAS Help Desk at (919) 807-4357, press 3 for CECAS, or submit a help desk ticket.
